

K-LOVE has been a much needed and anticipated source for good contemporary christian music in our city. I am a travelling consultant to various cities all over the us and the one constant in most major cities is that I have a radio station that I can listen to that will encourage and inspire those that listen as well as provide a moral musical entertainment alternative. With todays "music entertainment" there is typically lyrics that are not appropriate for children, yes even on the Disney channel. K-love provides our community and country a radio station that you can turn on at any time with anyone in the car and the lyrics and music will be appropriate.
